

Tumor Cell Biology Laboratory

Research Scholar Profile

Department of Biochemistry, School of Life Sciences, Central University of Rajasthan

Previous Lab Members

Dr. ANKIT SHARMA

Doctoral Research Area:

Link between temperature, cholesterol and cancer

Duration: February 2013–October 2018

Current Status: Teaching

Former: Association with LabRx Immunologic Therapeutics Pvt Ltd., California, USA

Dr. TANU SHARMA

Doctoral Research Area:

Study on microcalcification in cancer and its prevention

Duration: November 2013–June 2020

Current Status: Post Doctoral

Research Scholar at MD Anderson Cancer Center, Houston, Texas, USA

Dr. SHREETAMA BANERJEE

Doctoral Research Area:

Study on cold induced zinc finger protein in cancer

Duration: September 2017–January 2023

Current Status: Post Doctoral

Research Scholar at MD Anderson Cancer Center, Houston, Texas, USA

Dr. POOJA

Doctoral Research Area:

Study on Epigenetics, DNMT1 and cancer

Duration: August 2019–November 2024

Current Status: Research

Associate, Translational Health Science & Technology Institute, India

Dr. SNEHA SONI

Doctoral Research Area:

Study on Adipocyte, PLPP4 and cancer

Duration: August 2019–November 2024

Current Status: Post Doctoral

Research Scholar at Adam Mickiewicz University, Poznań, Poland

Present Lab Members

Ms. SWETA H. MAKWANA

Research Area: Diabetes and cancer

Date of Joining: January 2021

Mr. MANAS K. MAHAPATRA

Research Area: Unexplored genes and cancer

Date of Joining: January 2021

Ms. SHIVANI BANSAL

Research Area: Osteoblast and cancer

Date of Joining: September 2021

Ms. JYOTI POSWAL

Research Area: Lipid reprogramming and cancer

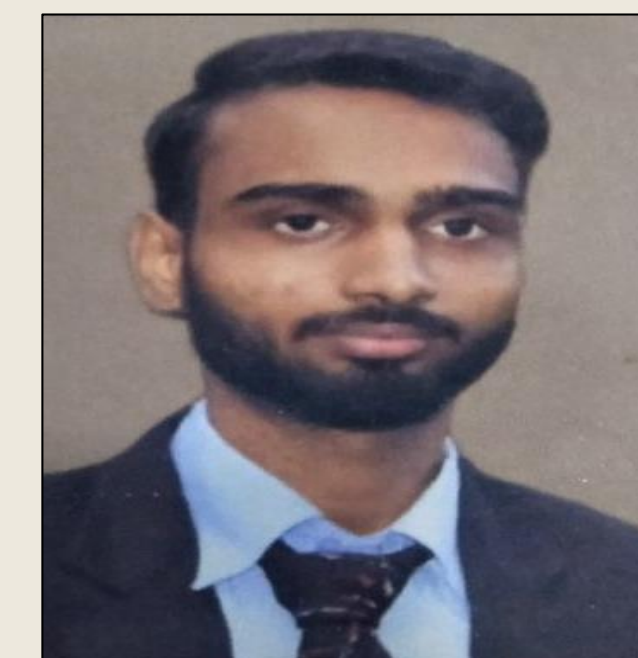

Date of Joining: September 2021

Ms. MONIKA KUMARI

Research Area: Zinc finger protein and cancer

Date of Joining: June 2023

Mr. SUDIP GHOSH

Research Area: Swim/BMP signaling and cancer

Date of Joining: March 2024
